

IAC JUDGES SCHOOL REQUEST

WHICH JUDGES SCHOOL IS RIGHT FOR YOU?

There are currently three curriculums available, two for judges and one for pilots:

- **Introduction to Aerobatic Judging:** This seminar is aimed at training new judges. However, previously certified judges may attend at least the 2nd day of this seminar or the one-day Advanced Seminar (see below) as a method to meeting the currency requirements defined in the IAC Rule 2.6.3. Course fee: \$60 both days, \$40 2nd day.
- **Advanced Aerobatic Judging Criteria:** This one-day seminar is aimed at current or former judges, or those who've previously attended the *Introduction to Aerobatic Judging* course. This course utilizes a more in-depth "discussion" of the finer points of aerobatic judging criteria on a deeper level than can be achieved in an introductory course. Chapters should consider hosting this course in addition to the "Intro" course, particularly if there are large numbers of current or former judges needing to attend a seminar in order to satisfy the currency requirements of IAC Rule 2.6.3. Course fee: \$40.
- **Judging Criteria for Pilots:** This one-day seminar is not aimed at training judges but rather for providing competition pilots insight into judging criteria such they may obtain better scores. Course fee: \$40.

Directions: Fill out one copy of this form for each school you are requesting, then e-mail, fax, or mail the completed form to the Judge Program Chairman:

Greg Dungan
