MEMORANDUM

To: All Advanced Pilots

Re: Declaration for a Position on the US Advanced Aerobatic Team

Welcome to the 2019 US National Aerobatic Championships in Salina, Kansas. The National Championships is the venue for the International Aerobatic Club's selection of the next United States Aerobatic Teams. The scores at this contest will determine the ranking and selection of pilots eligible for the Teams for the years 2019-2021 (Advanced).

The top scoring pilots who declare their intention during registration are eligible to represent the United States in international competition. The site for the World Aerobatic Championships for 2020 will be decided by CIVA at its plenary meeting in November.

Please review the attached "Code of Conduct" and "Declaration Document and Pilot Agreement". Signing and dating this document signifies your agreement to team member expectations and your intention to compete as a candidate for the US Aerobatic Team. Return the document to the Registrar or directly to me. In order to expedite your registration process, I would suggest printing and signing the document and bringing it with you to Nationals. These documents must be signed and returned before the first contest flight in accordance with IAC policy.

On behalf of the International Aerobatic Club, our very best wishes for a successful and safe competition.

A handwritten signature in black ink that reads 'Robert Armstrong' in a cursive script.
