

## Practice Rules

Prior to practicing in the Aerobatic Box, YOU MUST:

- Sign the FAA Waiver located at the Box Monitor station
- Sign the Liability Form and present it to the Box Monitor
- Have a signed Technical Inspection form and present it to the Box Monitor
- Complete a briefing with the Box Monitor 60 minutes prior to your practice slot time.

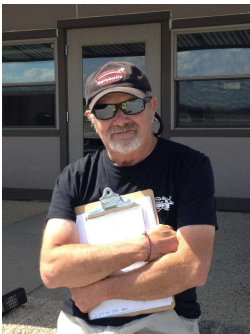

**Open Practice** (Thursday, 29 September, 2 October for gliders only) – First Come, first served. Upon arrival, check with the **Box Monitor** for any open practice slots. You may choose only one slot at this time. The Box Monitor has a checklist of if items they are required to brief you on.

You may put your name and cell phone number on the Standby List for Open Practice. If someone has an open practice slot but does not check in with the Box Monitor **60 minutes** before their slot time it will be given to someone on the Standby List. If the box monitor calls you and you do not answer your phone, your standby slot will be given to the next person on the list.

**Official Practice** (Friday & Saturday, 1-2 October) – You must have registered and paid your fees before you can pick an official time slot on-line. You may choose only one slot at this time. Be aware slot times are hard times – if you want to change your time it may be difficult or not possible at all. The Box Monitor will do what they can to help you but remember – he is busy with pilots in the box and in the hold – interfering with them could be a safety issue to those already in the air.

### NOTES:

1. Check your watch to ensure you have the **correct time zone**.
2. You must be in the aerobatic hold at least **2 minutes before your Official Slot Time**.
3. The Box Monitor will give you a two-minute warning before your time is up.
4. You **must exit the box** when the Box Monitor tells you your time is up.

Questions? Don't wait till you get to the contest – ask the Box Monitor now:
