

Rule Waiver Request for 2022 Bay City Michigan

(Michigan Aerobatic Open)

Aerobatic Contest

8.3.1 Boundary Judging - Requires that boundaries are monitored for infringement. Due to the inaccessible location of box corners and limitations of volunteers, boundary judges may not be possible.

7.1.1 Aerobatic Box - Requires clear markings. Due to the inaccessible location of some box corners it is not possible to place markers at all 9 locations. The south-center, south-west, center-west and north-west corners are in the river. The center-north corner is in a wooded area. The south-east, center-east, north-east and center box markers are clearly visible.
